Dear Friends & Colleagues,

As of October 7, 2023 we have been at war following the recent horrendous attacks on Israel where thousands of people were mutilated, killed and kidnapped by Hamas.

Entire communities were burnt with families inside; children, women and men. The mass murders that were perpetrated against the people of Israel is only a minor indication of how the vicious terrorist organization Hamas considers human lives.

The fact is that it is not Israel's problem alone but is a real threat to the entire free world. There is no democratic country that would be willing to put up with the onslaught, kidnap, and destruction of the life and homes of its citizens.

The Israeli people remain in mourning but strong; and so is our economy.

I urge communities and organizations' leaders to stand unequivocally together and condemn these actions.

Sincerely yours,

Uriel Lynn  
President
