EXHIBITORS

Exhibitors Reviews:

"I myself, being an owner and company manager, as well as my whole team, find it very important and useful to attend the exhibition because it gives us an overview of current trends. I can notice that in just one year there are presented a number of new materials exhibited at the show, and furniture-makers all over the country may have a closer look. I think this year's The exhibition presents more interesting products, mainly due to the materials they are made of."

says Mr. Gencho Kanazirev,
Managing Director

"The exhibition marked an impressive start, was attended by many foreign partners, and provided convincing proof it would maintain its position of being a serious professional forum!"
