

The ÜSTÜN-EL company headquartered in Izmir in Turkey was founded in 1999. Since the establishment the company is dealing with the development, the production and the distribution of road sweepers.

Important manufacturers of the automotive industry like Mercedes-Benz, Ford, BMC, Mitsubishi... are important customers of ÜSTÜN-EL.

Due to the outstanding quality and the vast product portfolio which is leaned on the requirements of the customers, ÜSTÜN-EL developed the market leading suppliers in the area of mechanical sweepers especially in the countries like Turkey, India, Algeria, U.A.E, Saudi - Arabia, Kenya, Pakistan, Iran , Suyrien ,Israel and Egypt.

Our long term goal is now to increase our market share on the European market and to continue to develop our products for fulfilling the requirements and the needs of the ÜSTÜN-EL -Customers.

We are looking forward for your contacts!
