

Sociedade Agrícola da Oleirita, Lda

PRODUCTION AND TRADE OF CATTLE AND LAMBS

About us

- We operate in our 5 farms distributed throughout the municipality of Arraiolos, Alentejo, Portugal (about 120 kms from Lisbon)
- Total area: 4000 hectares, with agriculture, forestry and animal production as main activities
- We work in this sector for more than 20 years, with focus on animal production in the last years
- Our current main clients are located in Portugal and Spain
- Since innovation and the development of new markets are a priority for us, we look for more opportunities to export our main products: cattle and lambs

Cattle

- 1200 females (breeds: Limousine and mixed Limousine*Charolais)
- 30 males (pure registered Limousine)
- Average age: 6-8 years
- Feeding: natural pastures; corn and ryegrass silage; various seeded meadows
- Veterinary clinic: Vetheavy, from Évora
- Annual production: roughly 1000 animals (sold with around 180-220 kg of weight)

Lambs

- 3500 females (breeds: Merino)
- 60 males (breeds: Merino and Ile-de-France)
- Average age: 1.5-4 years
- Feeding: natural pastures; various seeded meadows
- Veterinary clinic: Vetheavy, from Évora
- Annual production: roughly 4500 animals

Alternative business

- Despite our own production, we also buy cattle and lambs from partner suppliers which are afterwards sold to our usual clients
- These animals might stay in our farms feeding for some time and we guarantee their phytosanitary conditions
- Current trade: 3000-4000 heifers and steers/year; 5000-6000 lambs/year
- However, we have possibilities to double the number of animals traded

Our contacts

- We operate in the animal production and trade business under 2 firms: “Sociedade Agrícola da Oleirita, Lda” and “Cordilheira Encantada, Unipessoal Lda”
