About SVUM...

Vision: Saurashtra Vepar Udyog Mahamandal (SVUM) was founded in the year 2001, with a mission to make Saurashtra-Kutch one of the most attractive business destinations in India. SVUM aims to give the region's businesses a global platform for growth. SVUM's roots were laid in what erstwhile was "Saurashtra Sankalan Samiti" – a group of visionary leaders tirelessly working towards sustainable development of the region through policy advocacy.

Saurashtra Vepar Udyog Mahamandal (SVUM) deeply believes in Gandhian philosophies of sustainable development, inclusive growth, and equitable prosperity. SVUM realizes its philosophies through supporting Micro, Small, and Medium sized industries in the region.

Mission: SVUM is executing its vision to make the region an attractive business by promoting international trade through new growth markets.

SVUM is actively promoting the region's businesses across the globe. SVUM currently has special trade treaties with twelve (12) African & South Asian countries, and has appointed active trade representatives in each.

There are currently over 62 active MoUs facilitated by SVUM that led to over INR 300 million in booked revenues, and more than INR 500 million in the pipeline.

The SVUM-Africa trade partnership has a potential of adding INR 10,000 Crores in new revenues for businesses in the Saurashtra Kutch region.

Message...

Parag Tejura
President

Saurashtra Vepar Udyog Mahamandal
Federation of Trade & Industry Saurashtra

The development starts from individual unit to national level; our aim is to create Glocal Platform for the smallest manufacturer of Saurashtra & Kutch region, which can lead to generate greater GDP for the nation.

The success of Make in India concept is also depends on the performance of MSMEs.

The development of textile industry, coconut farming, Auto Park, mining, IT – Electronic are major thrust areas where scopes for the developments are huge. Collective efforts can bring very good results for economical and social growth.

It is also observed that scopes for the bilateral trade development with the African continent, South Asian countries, European and American countries are good. We are strategically working on it so that we can create A Glocal Trade Exchange Platform in Saurashtra Kutch Region.

The role of industrial association, federation and Mahamandal is very vital in sustainable development of industries, trade, economy and Society at large. Being apex body of the trade and industrial organization of Saurashtra – Kutch, SVUM: Saurashtra Vepar Udyog Mahamandal is committed to create a business friendly environment for holistic sustainable development of Saurashtra – Kutch. Whether It is matter for implementation of VAT, Removal of Octroi, Impact fee, Scarcity of currency coin and many other issues in Saurashtra Kutch, the Mahamandal have observed that collective actions of SVUM has created impact and it has become a change leader In order to bring solution.

Parag Tejura

Message...

We are an industry, and an organization, that represents the most important element of the health sector of the nation- the Pharmaceutical industry. Gujarat is the most vibrant state for this industry and caters almost one-third of national pharma production and almost 28% of national pharma exports. IDMA is the voice of the pharma industry across India, representing

the Indian National Pharmaceutical industry and entrepreneurs.

We understand that this exhibition is to bring in prospective business visitors from several importing countries, especially from Africa, South East Asia and other important economic regions. The Indian Pharmaceutical industry has contributed significantly as their partners in providing affordable healthcare by exporting low cost high quality medicines to these regions. IDMA shall, be happy to have an opportunity for its members to interact with serious business partners from these regions during the proposed summit.

Dr. Viranchi Shah, Chairman
Indian Drugs Manufacturer's Association, Gujarat State Board

We welcome your vision that, to accelerate trade & commerce and provide strong platform to different Industries located in Saurashtra-Kutch region, Saurashtra Vepar Udyog Mahamandal (SVUM) has initiated with many curriculum and during 11th to 15th December - 2017 & 11th to 15th February- 2018 organizing International Trade Show viz Ahmedabad & Rajkot.

We witnessed that Coastline of western Gujarat is the golden corridor of India having multiple resources for various mechanical, manufacturing and mercantile business enterprises and also provides foremost aspect with excellent opportunity for superior market to everyone. In this direction your upcoming trade show will also boost the growth of all industries and fulfill the expectations of delegates, visitors and shall enhance better environment to all exhibitors to expand the wings of their business activities at Globe.

On behalf of our Gujarat Institute of Housing & Estate Developers- CREDAI and personally I wish you all every success. I also expect that with its strong footprint you will defiantly narrate innovative path for all new achievers to build strong Indian Economy and serve the Nation.

Ashish K. Patel
President, Gujarat Institute Of Housing And
Estate Developers- CREDAI

"Saurashtra Vepar Udyog Mahamandal has successfully organised the international Trade show in 2015. This event of 2015 has raised great hopes for this year event also. Vishwa Gujarati Samaj wishes all success to the upcoming event of Saurashtra Vepar Udyog Mahamandal. Saurashtra as a region has progressed in the matter of industry and trade brilliantly during last decade and event organised by Saurashtra Vepar Udyog Mahamandal will be futuristic step in economic growth for the region with tremendous potential."

Krishnkant Vakhari
President, Vishwa Gujarati Samaj

We are glad to learn that 4th Edition of SVUM 2017 International Trade Show being held from 11th to 15th December, 2017 at Ahmedabad and SVUM 2018 International Trade Show being held from 11th to 15th February, 2018 at Rajkot by Saurashtra Vepar Udyog Mahamandal with the support of Government of Gujarat and leading Chambers of Commerce,

Institutions, Trade & Industry Associations of the State. We are sure these International Trade Shows will definitely showcase the strength of industries of Saurashtra & Kutch Region to the local & global market & will provide unique and ideal platform for networking to exhibitors/visitors.

GSPMA being one of the leading Trade Associations in the country proudly supporting these shows. GSPMA is representing & working for the cause of Plastic Industry since last more than four decades, having 3500 plus members.

We heartily congratulate the organizers & wishing all the best to team SVUM for grand success of these shows.

Naresh Patel
President, Gujarat State Plastic Manufacturers Association (GSPMA)

It gave me immense pleasure to know that SVUM (Saurashtra vepar udyog mahamandal) is organising International trade show from 11th -15th December, 2017 at Ahmedabad. After its grand success in Rajkot for last 3 year, it's appreciated SVUM has come down to city of Business. Gujarat being engine of Indian economy, Ahmedabad being the place here to be. I'm

happy to know that main focus of the show is cooperation between African and South Asian countries. I wish organizer a grand success. I welcome all foreign delegates and industry people and wish them best luck and successful business deal.

Dhanpat Malu
President, Terapanthi Professional forum.

"Having been associated with SVUM since 2015, it is my great pleasure to send my best wishes for SVUM 2017 in Ahmedabad and SVUM 2018 in Rajkot which will, again, showcase the strengths of Saurashtra and the opportunities in the State for mutual economic collaboration. The United Kingdom looks forward to participating once again at these important events and to developing an even closer trade and investment relationship between Saurashtra and the UK."

Geoff Wain

His Mr El hadjilbouBoye,
Ambassador of Senegal to India

India and Africa, two economically dynamic regions of the South, sharing cultural and demographic similarities, now have diversified and multi-faceted strategic relationships.

In this context, African countries, such as Senegal, rely heavily on this South-South partnership to create the necessary conditions for the development of key sectors of their economy, such as agriculture and agro-industry, energy, infrastructure, healthcare and mining.

This is why the Senegalese Embassy in India welcomes these initiatives of SVUM led by Mr. ParagTejura, a dynamic and effective friend of Africa who, through these two trade fairs, 11-15 December 2017 in Ahmedabad and 11-15 February 2018 in Rajkot, provides real platforms for African business people to come and see, study, exchange and establish partnerships with the private sector of the Gujarat, innovative and Vibrant State of India.

While encouraging SVUM for these beautiful initiatives, I can affirm that the Embassy of Senegal will make the necessary efforts for a good participation of the Senegalese private sector for the full success of these two events.

His Mr El hadjilbouBoye

Kanyi Galley LOGOSU-TEKO
Ag Ambassador (TOGO)

As one of the various business fora of India, SVUM offers many opportunities in doing business not only between Africa and India, but it is also a platform for interaction to Entrepreneurs from different parts of the world.

We do here salute the outcomes of the previous editions for my country Togo and express our best wishes for the forthcoming December 2017 and February 2018 editions with the hope of seeing again good participation and representation of the Togolese business world.

Kanyi Galley LOGOSU-TEKO

Message...

I attended the SVUM INTERNATIONAL TRADE SHOW, organized on 11-15 February, 2017. I liked the arrangements there. In the seller's shop, there is a unique relationship, and the SVUM international trade show of foreign buyers and the Gujarat Rajkot gave me a lot of pleasure. Moreover, the participants of the African continent & the government high officials of the country who took part in the Rajkot was glorious. The business negotiations of Afghanistan's buyers were all tidy. Now SVUM Organizing Committee initiative has taken 4th edition Ahmedabad SVUM 2017 international trade show. I hope for bigger event in Ahmedabad. We do business, business matches our blood. Ahmedabad's event will be bigger than the Rajkot, and more companies will participate so that the foreign buyers who we participate will get our original work. We are attracting the attention of the needs of our country through the trade show organized, through the SVUM Organizing Committee; we look forward to the point of view.

Mohammad Rabioul Awal
General Secretary.
Bangladesh Safety Protection Item Importer Owners
Association. (BSIOA)

It was my first visit to India and really it was amazing. I found out a their lies a huge opportunity for mutual growth. SVUM gave us a unique chance and a platform to know how can we look at the investment opportunities between Africa and India.

We are keen and have fasten up the planning of starting MAKE IN INDIA mall in Sudan at the earliest

Ms RIMAZ IBRAHIM ALI ALHASSAN

India is one of the greatest nation of the world. It has managed to acquire, accumulate and articulate the experiences in business, trade and industrialization. Thus, India has swiftly paved its way to be amongst the great doing industrial nations across the globe. This has happened mainly due the rich diversity that the nation has. Sudan is considered to be food basket of the world with rich and virgin natural resources. Sudan is extremely potential in various fields like agriculture, mining, forestry, water and animals resources, etc. to name a few.

Murtada Mahdi Ahmed
SVUM co coordinator - Sudan

Zambia has undeniably become one of Southern Africa's fertile grounds for improved agricultural practices. With its favorable atmosphere enhanced by good temperatures and good people, the country has indicated need for modernized agricultural equipments and solutions to both medium and small scale farmers. SVUM has been a great experience and a great player in the role of introducing Indian market for trade development in many industries and business sectors. It's been a great joy to be partnering with such a lucrative organization to offer value to local Zambian industries and African markets. We look forward to introducing a delegation to the SVUM-2017 and SVUM-2018.

Fidelis Don Chulu II
CEO & Founder - Fidanna Limited - Zambia

It is a very big experience for me and the French speaking country like Togo. I am very glad to meet such interesting business men from India and from all other participating countries. A great opportunity for the West African French speaking countries and others.

Mr FINTAPE TAGO
