PRE-SOWING AND SOWING

We select the best fields and the best varieties of seeds. We carry out precision sowing with GPS technology with our own machinery and we monitor the whole growing process in detail.

TAILOR-MADE SOLUTIONS

Every new development is a new challenge for us. We mobilize our whole team of professionals to guarantee that we provide the most suitable solution to meet the needs of our customers.

HARVESTING

Daily monitoring of plants and their quality. We decide precisely when to pick the crops in order to harvest the food at the point of optimum ripeness. We keep a check on traceability throughout the whole process.

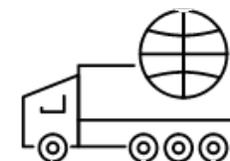

INNOVATION

We in the Virto Group reinvest all the profits we generate. Through the Virto Group's Innovation Center, we promote I+D+i to develop all kinds of vegetable products and deep frozen solutions.

DEEP FREEZING

Our aim is that not more than three hours should elapse between harvesting and deep freezing of the product to ensure maximum quality in terms of nutritional and organoleptic values: in other words, color, flavor, aroma and texture.

LOGISTICS AND DISTRIBUTION

Just-in-time, with maximum quality, quantity and format required. This is the motto that leads us day by day to supply our customers, quite simply, with what they require.

THE COMPANY PARTNER

MURIA
Apicultors des de 1810

SQP X-Ports is Muria's exclusive distributor for the Middle East.

The history of **six generations of beekeepers of the Muria family** is written in the village El Perelló (Tarragona), known as the 'honey village' due to the fact that it is the premier honey producer in Catalonia, and it has achieved acclaim both nationally and abroad.

The beekeepers at Muria have over **2.000 Dadant Hives** with **Black Iberian Bees** (Spanish bees) in the best blooming areas of the Iberian Peninsula to take advantage of them each in their blooming season, **guaranteeing the supply of honey all year round.**

Muria products are of excellent quality, the outcome of a tradition of know-how and craftsmanship.

THE COMPANY PRODUCTS

Muria products are of **Excellent Quality**, outcome of the tradition of know-how and **Craftsmanship**. Muria has three brands of beekeeping products:

ArtMuria

A Luxury Honey with a high content in pollen and maximum concentration of aromas and properties for the most discerning tables and palates, sold in the most prestigious stores in the main cities of the world.

Muria Bio

Certified Organic Honey & Bee products sold in Specialized Organic Shops.

Premium Muria

100% Honey sold in Herbal and Whole Foods Stores.

THE COMPANY PARTNER

We at **SQP X-PORTS** believe **SERPIS** is the best **Spanish olive brand**. We want to share this knowledge and we do so by representing them in the Middle Eastern Countries, bringing Serpis products to your grocery stores.

Serpis olives are 100% Spanish olives made in a unique preparation with a know how developed from 1920. SERPIS maintains manufacturing criteria of quality over volume, selection over quantity and rating over price in its business philosophy.

SERPIS is not, nor will it be the cheapest brand name on the market; **Serpis products are deemed to be premium products compared to the average ones that can be found on the shelves.** We believe that there are many consumers in the world who are willing to pay a little more for the satisfaction of unbeatable taste and quality. SERPIS will continue to be a benchmark at the international level in terms of the authentic taste of the best olives in the world.
