

About TAITRA

The Taiwan External Trade Development Council, or TAITRA, is the foremost non-profit trade and investment promotion organization founded in 1970 to help promote foreign trade. Jointly sponsored by the government and various commercial and industrial associations, TAITRA helps Taiwan's business enterprises reinforce their international competitiveness as well as cope with the challenges they face in the global markets. In addition, TAITRA offers comprehensive services to assist foreign businesses in establishing a wider presence in Taiwan.

Since its establishment, TAITRA has developed a well-coordinated trade promotion and information network composed of over 1,200 trained specialists stationed at its headquarters in Taipei, in four local branch offices in Hsinchu, Taichung, Tainan, and Kaohsiung, as well as in over 60 representative offices around the world.

In association with its sister organizations, the Taiwan Trade Center, Inc. (TTC) and the Taipei World Trade Center (TWTC), TAITRA continues to do everything possible to adapt its trade promotion strategies to the changing international trends and conditions. TAITRA's major functions include Market Development, Strategic Marketing, Trade Information Services, Exhibitions, Convention Services, Trade Education, and TaiwanTrade (an e-Trading Hub service).

Tremendous business opportunities can be found in Taiwan's dynamic economy. Taiwan's strategic location, infrastructure and capital make the island an ideal springboard for business operations throughout Asia and the Pacific Rim. TAITRA, together with its experienced trade specialists, all stand ready to help you do business with Taiwan.

Taiwan External Trade Development Council (TAITRA)

Quality Won Your Heart!

O Ring Size: AS568, BS B2401, & Non-standard
 O Ring Kit: 9 Choices Available

DEM & Sealing Parts for Repairs and Replacements
 We manufacture wide range of oil seals for engine, transmission, power steering, shock absorber of automobiles, agricultural, forklift, and welding machines, motorcycles and bikes, and various rubber sealing parts, to satisfy your requests for standard and custom designed sealing products.

ISO/TS 16949 & ISO 9001 Certification
 Professional R&D Ability: With latest 3D-CAD software, and practical experiences from original part supplying chain of Taiwan Honda and Nissan since 2001, our R&D team has confidence to solve the difficulty and challenge in your design and developing stage.
 Quality Management & Control: We strictly control the consistency of product quality from the design of new material, inspection of raw material, steps of forming processes to appearance checking and size measurement of finished parts.
 New Investment Facility: To satisfy the growing scale due to increasing product ranges, we moved to the new factory located in Lugong park in 2013, to offer better products and services.
 Stable Production Capacity: With company management system and flexible equipment of manufacturing machines, the process stability and lead time reduction rate can ensure the maximum production and minimum cost by continuous developing plan.
