

Warsaw International Ceramics, Stone & Bathroom Exhibition

10 - 12 September
2013 Poland

CERTIBA 2013

A professional trade fair that helps to promote producers and suppliers of the house finishing industry. The exhibition is a great opportunity to compare products, services and meet their manufacturers.

It gives you a chance to present your product and company, extend your network of contacts, find new distribution channels and attract new customers. Come to Poland and identify areas of future development.

Why Warsaw

DECISION CENTRE

Warsaw is a business centre where all decision-makers of the international companies and institutions come to gather and talk

BUSINESS FOCUSED

Warsaw combines foreign investors with local entrepreneurs: 8 159 new companies started their business in Warsaw only in 2012

PERFECTLY PLACED

Situated in the heart of Poland and centre of Europe, Warsaw links business markets of Europe and Asia

CITY OF LEADERS

Warsaw as a dynamic and fast developing city attracts young and talented people who push the economy forward

FACTS & FIGURES

- Poland is currently **the third manufacturer** of ceramic tiles in Europe
- In 2011 the value of the construction market in Poland was estimated at around **PLN 190 billion**
- Warsaw has **the second place** in Europe in terms of newly constructed offices which creates an unlimited demand for the building sector
- Warsaw with total resources of 3,6 million sq. meters of office space is now **the largest urban market** in Poland and **the largest construction site** in the country
- The total amount of investments in Warsaw for the years 2010-2014 will reach a record number of **PLN 12 billion**, most of this amount will be deployed in the construction sector
- The highest share (56.8%) in the increase of the new housing stock was attributed to private investors which means **a huge demand** for finishing material
