1	Number of students per 1000 inhabitants	Central Statistical Office

Exhibition & Congress Centre

A scenic landscape featuring rolling hills and mountains. The foreground is dominated by a dirt path winding through a field of tall, golden-brown grasses and patches of green vegetation. In the background, a range of mountains stretches across the horizon under a bright blue sky with scattered white clouds. The overall atmosphere is peaceful and inviting.

Time to relax

Business friendly region

The Podkarpackie Region has significant assets that distinguish the region from other regions in Poland, including:

- an intensively developing electromechanical industry, in particular aviation and automotive, and the IT sector,
- a rich offer of investment areas,
- highly trained employees,
- strong academic background (Rzeszów University of Technology, University of Rzeszów),
- values of the natural environment and the tourist potential of the region,
- well-developed communication network (road connections on the east-west axis and international airport).
