COMPLEXE ALIMENTAIRE ZINE

ZINE CAPITAL INVEST is the emanation of a doubly inspired vision. It draws its foundations from two key factors: the opportunity to create value in integrated businesses and at the same time that of supporting the kingdom in the realization of its industrial development strategy.

Regarding industry, we have opted for food products, fertilizers and animal feed, for their wealth and their visceral links with the hinterland and its agricultural expanses. From wheat to semolina, including tea, pasta, couscous and cookies, our investments have the advantage of clarity and consistency. The integration of professions is for us a second nature strongly rooted in the DNA of the group.

GARDAM

GARDAM

Gardam is a company specialised in producing olive oils.

After moving to Morocco in 2005, Gardam set up a mill to produce local olive oil in Safi. But the real success of this product comes from a boost from "Challenger", a program broadcast on the second Moroccan channel.

Founder of the company "Les terroirs de volubilis", Gardam takes great care to produce a grand cru olive oil with a purely Moroccan taste. His hard work and determination are rewarded, since the olive oil he produces is the best among others, and only presents 0.1% acidity when tasted.

Since its creation, IntelCare has been dedicated to organic cosmetics exclusively based on natural active ingredients. Aware of the needs of its consumers, too often subject to stress and daily constraints, IntelCare has designed more authentic cosmetics, a source of pleasure and well-being to relax and regain a healthy life.

At Intelcare, we are convinced of the benefits of organic and natural products for our health and our environment and we strive to make it accessible to as many consumers as possible
